Love the outdoor dining concept, perfect set up for proper social distancing. The food is delicious, the staff is amazing and so attentive. The Chef always presents his food so appetizing. Everything we have ever eaten made by this Chef has been mouth watering. Thank you Tony for always pleasing our taste buds

My girlfriend and I came in during the film festival and were surprised to be able to get right in. Even though it was busy the food still came out fast. Everything tasted fresh and flavorful. They offer a lot of unique takes on some classic favorites with plenty of more out of the ordinary choices on the menu along with a few more conventional. It was hard to choose because so many things sounded so good!

I was so impressed by Georgina's tonight! I ordered a noodle bowl, my husband ordered a burger, and my son got the buttered noodles. There was SO MUCH food. My low mein bowl was literally the best I've had anywhere (and I have lived all over the state with an affinity for this type of food). My son's noodle portion was so large that I genuinely thought they had separated my noodles and broth. I am attaching a picture to show the sizes and what was left after we had a whole se... Ya know ive had some great dining experiences. My hometown has some great establishments that have been around for years. Georgina's is about 286 miles away from where i stay. They serve outstanding food. Quickly and somewhat perfectly. Staff was outstanding. Beautiful actually. Expensive yet worth it, plus they have a great beverage selection. Just needs more art on the walls. Still five star.

Our first time here, we really enjoyed this food. We shared bites from one another's plates, couldn't decide which meal was better, ended up taking some of it home because the portions were very healthy. I can't wait to go back to Georginas the next time we're in Traverse City! I highly recommend this place on a scale from 1 to 5 stars I give it six! Jason Phillips

Everything I've tried here is spectacular. The pineapple Mojito and Sangria are both delicious. The chorizo nachos and the black bean avocado cakes are amazing. The crema con queso tacos are so good I don't order anything else. We did try the Korean street tacos and our particular server really underembellished how insanely spicy they were but we survived!! You can't go wrong with this place, it's always packed so plan ahead and make reservations.

We visited on a very busy Saturday night and everything was perfect. Our food tasted so fresh and flavorful, we didn't even notice there wasn't salt and pepper on the table until much later. They even have Flor de Cana rum from Nicaragua! The service was excellent as well. And the chocolate creme de leche dessert we split tasted so mouthwatering good, it felt like you should eat it slowly with your eyes closed to savor every bite. Yum! I never write reviews, but Georgina's made such an memorable impression on me and I'm excited to know there will be one in Grand Rapids soon too.
